EMPLOYMENT OPPORTUNITY

Precast Draftsman, Full time

Fritzall is looking to develop our Precast Drafting Team. This is a vital part of the wider Precast Division with an emphasis on checking production drawings for accuracy, editing, problem solving, and creating shop drawings for the production team.

Job Description

- Responsible for drafting a variety of structural and/or architectural precast components under supervision.
- Understand production practices and help identify challenges in design before production occurs.
- Create visual guidelines for production facilities and explain concepts to production personnel.
- Consult technical handbooks and tables while in drafting phase.
- Use Computer Aided Design and Drafting systems to prepare drawings.
- Create and store drawings electronically.
- Analyze engineering drawings that detail plans and specifications.
- Prepare drawings showing detail and method of assembly for production purposes.
- Ability to read and interpret Architectural and/or Engineering drawings, sketches, and calculations.

COMPANY

Fritzall
(Fritz Construction Services)

LOCATION

Chepstow, ON

OPENING DATE

August 7, 2017

STARTING DATE

Immediately

Are you an experienced drafter with AutoCAD skills? Are you detail oriented? Are you ready for a challenge?
